“If you change your mind, here’s this.” Finn Lanigan kissed a young Blythe Heywood one last time under a star-scattered Idaho sky. It was the last kiss that ever weakened her knees, the last sky she noticed for over a dozen years. Then she left, returning to her fiancé, the wedding she’d committed to, and the secure life she’d yearned for since she was a little girl.

Thirteen years later, her husband leaves Blythe for his young associate. Devastated, she’s unable to imagine the next chapter of her life as she packs her family’s belongings to move across town. Unexpectedly, she finds the forgotten slip of paper bearing Finn’s phone number in the back of a drawer.

Hadn’t she tossed it years before as a newlywed, when she vowed to be the perfect wife and mother? Apparently not. Here it remained. Her road not taken.

Facing three weeks without her young daughters, Blythe sets out to find the man she left behind so long ago. With only the name of the small town where he once lived, Peregrine, Idaho, and the memory of their last kiss under a starry sky, she heads across the Pacific Northwest in search of him.

What she finds in the foothills of Blue Mountain challenges everything she thought she knew and is the very last thing she expected. Within days, her life changes forever. But it is her destiny and destinies cannot be denied.

The first book of the Blue Mountain Collection, laced with Thompson’s lovable but complex characters, “Blue Midnight” is a mature love story about second chances, family, and the complexities of trust and vulnerability after betrayal.
